The Clinton Foundation's Health Matters Initiative (CHMI) and the PGA TOUR are pleased to present the Employee Health Improvement Forum, a half-day event aimed at providing small and mid-sized businesses with the information and tools needed to support employee well-being

Building on CHMI's national program on employee health improvement that provides technical assistance and support to large employers in their efforts to integrate cultures of health in their organizations, this forum will focus on resource connection and implementation for small and mid-sized businesses. We will bring together business owners, entrepreneurs and senior human resource staff from around Northeast Florida to contribute energy, ideas, and capacity for scalable solutions. The forum will focus on three primary goals:

1. Utilization of a feasible approach and framework to support employee health improvement for small to mid-sized businesses;
2. Implementation of no-cost/low-cost strategies;
3. Discussion of relevant local case studies.

Immediately following the forum, participants will have the opportunity to take a behind-the-scenes tour of the PGA TOUR's new wellness center.

To support ongoing dialog and implementation, we recommend each organization **send two representatives composed of business owners, acting presidents and/or senior human resource staff**. There is no charge for participation, but seating is limited.

We kindly ask that you **RSVP by Wednesday, August 7, to [chmievent@clintonfoundation.org](mailto:chmievent@clintonfoundation.org)**. **All attendees must have confirmation and a parking pass.**
